

Digital Orthodontics: INSIGNIA™ Advanced Smile Design™

In this course, Dr. Kozlowski will review best practices for digital orthodontics and illustrate how to easily integrate the philosophy and treatment into your practice. Doctors new to Insignia Advanced Smile Design will gain a comprehensive understanding of the benefits of using custom designed appliances and the resulting case outcomes when combined with Damon System® efficiencies. The course will focus on three main areas:

1. Comprehensive review of Insignia's Approver software through evaluation of digital case set-ups.
2. Discuss methods of diagnosis & treatment planning with a digital component to improve clinical outcomes, including tips and tricks to improve clinical efficiency.
3. Learn how to best integrate Insignia's digital process into all aspects of your practice including systems development, the new patient process, clinical procedures, and patient communication.

Attendees will also learn methods for new case acceptance and practice marketing.

In-office Course with
Dr. Jeff Kozlowski

May 2-4, 2012

Open to international attendees only

Dr. Jeff Kozlowski, DDS

Dr. Kozlowski completed his undergraduate work at Syracuse University with a B.S. in Economics. He obtained his Doctor of Dental Surgery degree from the State University of New York at Buffalo School of Dentistry where he also completed a specialty residency in Orthodontics and Dentofacial Orthopedics. Dr. Kozlowski practices in New London, Connecticut. He is a certified Damon System Educator and a lead contributor to the betterment of Insignia Advanced Smile Design. He has lectured at AAO Annual Sessions, Northeast Society of Orthodontics, North American Damon Forums, European Damon Symposiums, as well as numerous state societies, universities, study clubs and alumni organizations.
